

NAPA IN NEWPORT

SOUTHERN CALIFORNIA'S PREMIER WINE EVENT™

Dear Friends,

CureDuchenne and the deLeuze family of ZD Wines are delighted to be hosting the 3rd Annual Napa in Newport Wine Auction on Saturday, March 4, 2017, at the Ritz-Carlton, Laguna Niguel. Napa Valley's most prestigious wineries anchor this celebration of hope on the Orange County shore as society, business and wine culture all come together to help save the lives of children and young adults living with Duchenne muscular dystrophy.

Duchenne is a fatal muscle wasting disease that affects 300,000 children worldwide. In September 2016, the FDA approved the first ever treatment for children with Duchenne in the United States. This treatment, a CureDuchenne funded project, called EXONDYS 51, is amenable to 13% of children with Duchenne. We are thankful and hopeful, but as our name states, we must remain focused until we find a CURE for every youngster affected by Duchenne.

With hope-filled hearts, we invite you to participate as a live auction partner for the 3rd Annual Napa in Newport Wine Auction. Through donating an auction lot your business will be publicized amongst 360 of Orange County's most influential society leaders and Napa Valley's most prominent vintners.

Napa in Newport features the region's most celebrated brands from cult wines to legacy estates. Participating wineries include ZD Wines, Anomaly Vineyards, Arkenstone, Arrow & Branch, Blackbird Vineyards, BOND Estates, Bure Family Wines, Continuum Estate, Crocker & Starr, Darioush, Davis Estates, Fairchild Napa Valley, Freemark Abbey Winery, Handwritten Wines, Hill Family Estate, Hundred Acre, JCB Collection by Jean-Charles Boisset, Joseph Phelps Vineyards, Melka Wines, Morlet Family Vineyards, Nellcôte, PATEL Napa Valley, Relic Wine Cellars, Reynolds Family Winery, Shadybrook Estate, Sojourn Cellars, St. Supéry Estate Vineyards & Winery, Truchard Vineyards, Vineyard 29 and Zakin Wines.

We hope you will join us as we raise our glasses and open our hearts to help find a lifesaving cure for children with Duchenne. For more information, visit www.NapaInNewport.org. If you have any questions or would like to discuss the opportunity, please do not hesitate to contact us.

Kind regards,

Rachel
